Discussion Questions in Breakouts

1. How is it a challenge to us that God's will is done in our lives and that he is glorified?
2. Why does Jesus pray for the disciples joy, protection and sanctification?
Why should we be prioritising praying these things for each other?
3. Why is praying for the unity of all who will become christians crucial? How does "those who will believe through their message" enable you to share your faith confidently and pray expectantly?
4. Why is enjoying God alone in prayer such a healthy thing to do?
